

PULP PRODUCE & PROTEIN TRAYS

Elevating Your Produce & Protein Presentations

SUPERMARKET SUSTAINABLE SOLUTIONS

Pulp Produce and Protein Trays are an ideal solution to replace foam trays, with the added benefit of sustainability and superior presentation. The Pulp Produce and Protein Trays provide the perfect balance of sustainability, quality and performance for Supermarkets looking to reduce their environmental impact!

FEATURES & BENEFITS

- Sustainable alternative to traditional foam or PET trays
- Strong and durable construction, enables use with heavier food applications without compromising the integrity of the package
- Withstands overwrap and film sealing processes
- Suitable for a variety of produce and protein applications

Sustainable & Compostable

- Made with PFAS-Free Pulp
- Certified industrial compostable through BPI
- Promotes sustainable end of life disposal and contributes to reduction of foam usage

No intentionally added PFAS
